Recent studies continue to confirm this truth. “We are born with a core sense of cardinal number,” says Brian Butterworth, Emeritus Professor of Cognitive Neuropsychology and Author of *The Mathematical Brain*. He further explains that babies, even those less than a week old, can grasp what he calls the “number module,” long before they have learned the names or symbols of numbers. Mission Statement. At TeachHUB it is our mission to improve the quality of education by making available the most current, complete and affordable resources for all K-12 Educators. Use this worksheet in correlation with reading any Elmer the Elephant book. Students can practice number recognition as they color Elmer the patchwork elephant using the number key code. The pre-primary stage is the foundation of children's knowledge, skills and behaviour. On completion of pre-primary education, the children are sent to the primary stage but pre-primary education in India is not a fundamental right.
