The Ford Escape is a fleet-footed SUV with impressive handling, which helps make it one of the sportiest small SUVs. It has 1.5- and 2.0-liter turbocharged engines, but we got just 23 mpg overall ... The Ford Escape rolled off the line for the 2001 model year as a compact crossover SUV. It was designed with an independent suspension along with rack-and-pinion steering, as Ford decided to build the model with a monocoque chassis for car-like handling. Crossovers, SUVs, and other utility vehicles are designed to provide decent performance off pavement. The Ford Escape is no exception, offering good capabilities both in daily traffic and moderate off-road conditions. Regardless of the kind of road surface that your Escape sees most often, you and your passengers inevitably track dirt into its cabin.
