The American Academy of Emergency Medicine (AAEM) is the specialty society of emergency medicine. AAEM is a democratic organization committed to the following principles: Every individual should have unencumbered access to quality emergency care provided by a specialist in emergency medicine. The development and evolution of the endotracheal tube (ETT) have been closely related to advances in surgery and anesthesia. Modifications were made to accomplish many tasks, including minimizing gross aspiration, isolating a lung, providing a clear facial surgical field during general anesthesia, monitoring laryngeal nerve damage during surgery, preventing airway fires during laser surgery ...Find a doctor or provider. Physicians and providers at King's Daughters' Health encompass a wide range of specialties. Our goal is to offer you exceptional care close to where you live and work. Build friendships while getting fit! The YMCA Water Fitness Program is based on the latest research in aquatic health.
